Newlink OFC S-Video Cable (Mini Din)

Details correct on: 01/12/2014

Notification	
Product Code	NL2VV-000
Short Description	4 pin male S-Video/SVHS gold, 0.75mtr
Full Description	OFC (Oxygen Free Copper) is produced by melting and casting copper under a near vacuum atmosphere to lower the residual oxygen content. This reduces corrosion and enhances conductivity. The alloy hoods are made from Zinc Alloy with colour coded banding. S-VHS connection cable with gold plated plugs for transmission of video signals.
